

Specifications

Dimensions & Weight	Standard		GL	
	LH202L-LEMDE	GDH322L-EDFNY	GDH322L-EDTNY	
Wheelbase	Long		Super Long	
Roof type	Standard roof			
Seating capacity (Doors)	12 (4)		14 (4)	
Overall	Length mm	4695	5915	
	Width mm	1695	1950	
	Height mm	1980	2280	
Wheelbase	mm		2570	
Tread	Front mm	1470	1675	
	Rear mm	1465	1670	
Overhang	Front mm	1050	950	
	Rear mm	1075	1105	
Gross vehicle weight	kg		2800	
Fuel tank capacity	liters		70	
Chassis				
Transmission type	5-speed manual transmission	6-speed manual transmission	6-speed automatic transmission	
Brakes	Front	Ventilated disc	Ventilated discs	
	Rear	Drum type	Ventilated discs	
Suspension	Front	Double wishbone	MacPherson strut	
	Rear	Leaf spring, rigid	Leaf spring, rigid axle	
Steering gear type	Power steering system		Power steering system	
Min. turning radius (Tires)	m		5	
Tires	195R15C		235/65R16C	
Engine				
Engine type	3.0-liter diesel (5L-E engine)		2.8-liter diesel (1GD-FTV engine)	
Number of cylinders & arrangement	4 cylinders, in-line		4 cylinders, in-line	
Valve mechanism	OHC		16-valve DOHC	
Bore x stroke	mm		99.5 x 96.0	
Displacement	c.c.		2986	
Fuel type	Diesel		Diesel	
Max. output (SAE net)	kW/rpm		68/4000	
Max. torque (SAE net)	Nm/rpm		197/2400	

Standard Equipment (Exterior)	Standard		GL	
	LH202L-LEMDE	GDH322L-EDFNY	GDH322L-EDTNY	
Radiator grille	Colored		Plating	
Bumper	PP molding		Body colored	
Headlamps	Halogen		Halogen	
Front fog & driving lamp	-		Bulb	
Daytime running light system	-		• (LED)	
Rear combination lamps	Bulb (Standard Grade)		Bulb (GL Grade)	
Disc wheel	15-inch steel		16-inch aluminum	
Power slide door	-		• (With auto & easy closer)	
Wireless door lock system	-		•	
Standard Equipment (Interior)				
Steering column	Tilt		Tilttable & telescopic	
Audio system	AM/FM/CD		7-inch Display Audio, AM/FM/DVD/CD/Bluetooth	
Speakers	2 speakers		6 speakers	
Audio Jack (cockpit area)	• (AUX&USB)		• (AUX&USB)	
Front air conditioning	• (Cooler)		• (Cooler)	
Rear air conditioning	• (Cooler)		• (Cooler)	
Seat material	Fabric		Hi Fabric	
Speedometer	Analog (mile/h: main, km/h)		Analog (mile/h: main, km/h)	
Accessory connector (cabin area)	• DC 12V X1		• DC 12V X1 (DC12X1+USB2X3)	
Safety system				
Anti-lock Brake System (ABS)	•		•	
Vehicle Stability Control (VSC)	•		•	
Hill-start Assist Control (HAC)	-		•	
Parking assist	-		• (Clearance sonar + back sonar) + back guide monitor	
SRS airbags	• (Driver & front passenger)		• (Driver & front passenger)

New You. New Success.
HIACE COMMUTER

HIACE GL Exterior Design

While retaining its unwavering quality to date, HIACE GL is now further evolved and hits the road with renewed styling. And as a supporter of people who stay in the lead, its new semi-bonneted design confers increased practicality as well as enhanced quietness and comfort.

HIACE GL Interior Design

The cockpit, which has an excellent field of view is easy to use and gives the driver a feeling of confidence for sure and comfortable operations across a whole range of work scenarios.

Multimedia System
The updated Multimedia System with AM/FM features a 7-inch display that enables intuitive screen operation by using your finger. The system comes with 6 speakers and can play both CDs and DVDs. USB/AUX ports are also available.

The interior provides ample space for all passengers, while the window frames resemble bullet train windows with ornamentation moldings. This creates an excellent tactile feel while providing a relaxing space.

- 1 Overhead tray for neat storage of items for immediate access.
- 2 Convenient console tray for small items.
- 3 The center console adopts a pop-up door with a curved top that can be used for storing small items.
- 4 Rear lower trim bottle holders.

Front Lamps
(headlamps, fog lamps, Daytime Running Lights)
The semi-bonneted front design features horizontally linear headlamps, which create a simple yet dynamic impression. Furthermore, the vertical Daytime Running Lights together with the fog lamps emphasize Hiace's advanced looks.

Rear Combination Lamps
The rear combination lamps balance functionality with design at a high level. Five aero stabilizing fins are located to further enhance driving stability.

Sliding Door
The width of the sliding door opening has been increased, making entry and exit even easier for occupants. The doors are equipped with an easy closer function.

Luggage Space
Fold-up seats in the rearmost row enable the luggage space to be increased as required.

Comfortable and Quiet Cabin
With the semi-bonneted front-end design, the engine, which until now has been located beneath the front seats, is shifted forward. This helps create a cabin space with enhanced quietness and comfort.

Reading Lamps
Reading lamps are also available depending on the specification, providing sufficient light for comfortable reading in the dim light of the cabin during the daytime.

Rear Seat Armrests and Assist Grips
Flip-up rear seats armrests are available in consideration of cabin comfort and the ease of movement into the aisle. Assist grips are available on the seatback of the middle seats, enhancing peace of mind when the vehicle sways while traveling.

Air Conditioning
Cool and comfortable front and rear air conditioning performance is provided for excellent satisfaction. (both grades)

HIACE GL Performance

1GD-FTV Engine
The 1GD-FTV engine adopts a turbocharger with intercooler, which helps produce powerful dynamic performance while enhancing fuel economy and quietness.

Output: 115kW / 3600rpm
Torque: 420Nm / 1600-2200rpm

Minimum Turning Radius
The minimum turning radius of the HIACE lets you easily maneuver in tight worksites.

6-speed Automatic Transmission
A 6-speed automatic transmission is available, helping achieve excellent dynamic performance and fuel economy. The transmission also contributes to superior drivability. A 6-speed manual transmission is also available.

Suspension / Brakes
MacPherson strut suspension is adopted for the front and a leaf spring suspension for the rear, helping assure ample suspension stroke. The suspension helps achieve excellent straight-line stability as well as a quiet and comfortable ride. The adoption of disc brakes for the front and rear yields excellent braking force.

HIACE GL Safety

Collision Safety Body
A semi-bonneted configuration is used for the front, to efficiently absorb impact energy in the event of a collision. This contributes to excellent crash safety.

Airbags
Driver and passenger seat Supplemental Restraint System (SRS) airbags. Driver and front passenger seatbelts are also equipped with pretensioners and force limiters. All seats have 3 points with emergency locking retractor seatbelts.

Excellent Driving Visibility
The anterior of the front side window has been lowered and a large quarter glass installed to help ensure excellent forward visibility. An auxiliary mirror has been added, enabling checking in the downward field of view.

Vehicle Stability Control
When sensors detect conditions likely to cause skidding, it helps prevent front or rear wheel slip by optimally controlling engine power and braking force.

Parking Assist
Supports smooth reversing operations when perpendicular or parallel parking, showing the rear view taken by a camera integrated into the rear of the vehicle on the display together with guidelines to help the driver steer.

Hill-start Assist Control
Hill-start Assist Control (HAC) helps to prevent the vehicle from rolling backward, for example when starting on a steep incline.
